

High Peaks Services Inc.
Playground Consulting and 3rd Party Inspection
1032 Colborne St. Brantford, On. N3S 3T6
519-756-7471, tony@highpeaks.ca
Since 1986.

March 2017.

Suggested "line ins" to add to tender, RFP, RFQ, etc. documents for those involved in playground and park tenders. The company can be changed to suit your needs but this covers your organization from risk and liability arising from CSA issues on new installations.

These are the prices we would charge for most playgrounds within 150 kilometers of Brantford, Ontario. It is good to have a comparison.

1,
Cash allowance for High Peaks Services Inc. to approve structure, component and layout drawings as per CSA Z614-14, plus comprehensive CSA playground inspection including impact attenuation tests as per ASTM F1292 on completed playground.
\$675

2,
Cash allowance for High Peaks Services Inc.
to approve structure, component and layout drawings as per CSA Z614-14,
to perform one construction site inspection
to preform comprehensive CSA playground inspection including impact attenuation tests as per ASTM F1292 on completed playground.
\$850

3,
Cash allowance for High Peaks Services Inc. to perform 3rd party comprehensive CSA inspection complete with protective surface impact attenuation testing once installation is complete.
\$350

Tony Kelly, CCPI
Playground Inspector and Surface Tester.
